CRY  
BABY

Saddest girl she has to be  
Salty tears stream down her cheek  
Her heart's bigger than her body  
Her name is cry baby

And in her picture perfect home  
Momma's drunk while daddy moans  
Her brother always comes home stoned  
She watches in her room alone

She watches momma sip a drink  
Out of a sippy cup that's pink  
Because of that you'd never think  
That she'd pass out under the sink

The carnival is where she fell  
For the first time on the carousel  
Round and round through the same hell  
She never gets under his shell

She cried until she then could see  
That he wasn't even worthy  
Of all her love and abc's  
So she spelt fuck you in 1 2 3

She met a new boy and filled with hope  
She said too much and always choked  
So she washed her mouth out with soap  
So that he wouldn't pull the rope

They rode their bikes so very slow  
She wanted more as they got close  
Unscrewed his training wheels to grow  
Into a two wheel bicycle

Her birthday was around the bend  
She invited him and all her friends  
None of which did attend  
Her happiness came to an end

A lonely girl so vulnerable  
To her house she walks alone  
The bad wolf ice-cream man had known  
And took her to his awful home

She got locked up and made a plan  
To kill the bad wolf ice-cream man  
He ordered her to make him snacks  
Her cookies and milk made him collapse

She escaped and was never the same  
She swayed a boy who had been claimed  
And pacified ol' what's her name  
Not out of love, just played a game

One day she turned on the tv  
Mrs. potato on the screen  
Showing off her surgeries  
She thought that her pain meant beauty

Cry baby sat and disagreed  
Imperfect, insane,  
and emotional was she  
But she feels safe, going to sleep  
And there's no one else that  
she'd rather be

It’s so important growing up to have people in your life who encourage your hobbies and your talents.  
My parents, brother, uncles, and best friend since kindergarten (Jackie) are those people for me.  
Without them I wouldn’t have known that I could write songs, make art and use those things to express myself.  
A Big thank you to my Grandma Lydia for being such an inspiration to me, as an artist and just a human being.

Ron, Thank you for always pushing for me & my ideas, and for believing in me since the moment we met.  
Thank you to the best team ever, Debbie White, Jake Ottman, Craig Bruck, and Grant Pittman!

Thank you to the producers and writers who co-wrote these songs with me. I appreciate you all for rolling with my ideas no matter how unconventional they were. Thank you Jeff for being more than an “A&R GUY” - Thank you for being a real friend and for actually believing in my vision and my music (and for always letting me crash on your couch).  
Thank you to Julie Greenwald, Craig Kallman, David Saslow and my entire Atlantic Records family. You guys are amazing and I’m so thankful for all of your support.  
Thank you to my OG TOUR FAMILY Mikey, Mike and Miles. Even if we ever have to split ways, you guys are stuck with me for life.  
After 3 Dollhouse Tours I basically lived with you boys and I’m so grateful for the opportunity to travel, and play music with such talented people.  
Thank you to anyone who made me cry, broke my heart, made me angry, or made me feel anything at all. You have made songwriting therapy for me.

And last but not least thank you thank you thank you to my beautiful, crazy, talented, supportive, and AMAZING fans.  
You are all such an inspiration to me. You are the reason I work as hard as I do. You are the reason I am able to do what I love.  
I will always be real with you guys because I think it’s important that people realize artists are human beings and are not perfect Barbie dolls even though we’re in the spotlight. Sometimes I’m going to say things I don’t mean out of frustration and I apologize in advance. Just know that I love you guys for all your imperfections and I am just as flawed, if not more than the next human being.  
All of you are so unique and insane in the best way possible and I promise I will never take any of you for granted. You mean so much to me and I hope these songs make you cry, scream, laugh, go insane, and take your clothes off!  
This album is for anyone who feels like their heart is bigger than their body, and anyone who considers themselves a bit of a cry baby.
